

## **QUALITY POLICY**

Knots & Gear Procurement Limited is an engineering company established to deliver third-party maintenance, repair, and operations (3PMRO™) services and engineering solutions. We aim to increase customer profitability by leveraging our extensive network to source high-quality products that adhere to relevant industry standards from leading Original Equipment Manufacturers (OEMs) across the globe at highly competitive prices.

Knots & Gear provides services for industries such as Food & Beverage, Steel, Cement, Breweries, FMCG, Bottling, Energy, Mining, Construction, Oil & Gas, etc.

- We are committed to developing QMS framework and achieving its quality objectives.
- Complying with all applicable statutory and regulatory requirements and other requirements to which our company subscribes.
- We ensure maximum commitment to strategic planning.
- Knots & Gear is committed to continuous improvement in its entire process to meet and exceed customer satisfaction.
- Employees at all levels in the organization shall be made aware of the company's quality policy and their individual roles in the overall bid to achieve the objectives of this policy.

The quality policy is available and maintained as documented information which is communicated, understood, and implemented within the organization and also available to interested party.
